

PRATHAMESH MAHENDRA DHUMAL

B.Tech CSE (AI/ML) Student | Front-End Developer

Kalyan, Maharashtra, India | prathameshdhmal28@gmail.com | GitHub: Patu-art | Languages: English, Hindi, Marathi

PROFESSIONAL SUMMARY

Second-year B.Tech Computer Science & Engineering (Artificial Intelligence and Machine Learning) student with hands-on experience building responsive front-end websites. Strong in HTML, CSS, JavaScript, UI implementation, mobile responsiveness, animation and Git/GitHub-based deployment. Has completed multiple self-directed and real-business concept projects and is seeking a Front-End Developer, Web Developer or Software Development internship.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, Responsive Web Design, Flexbox, CSS Grid, UI Animations, Mobile Navigation, LocalStorage

Programming: C (foundational), Python (foundational / currently learning)

Tools: VS Code, Git, GitHub, GitHub Pages, Node.js (basic), MySQL (basic), Microsoft Office

Strengths: UI implementation, responsive debugging, asset integration, cross-device refinement, front-end deployment

WORK / PRACTICAL EXPERIENCE

Independent Front-End Developer - 100-Day Local Business Website Challenge

Self-directed project challenge | Aug 2026 - Present

- Build custom front-end website demos for real local businesses after researching their brand, audience and visual identity.
- Create responsive HTML/CSS/JavaScript interfaces with animated sections, mobile navigation, media integration and polished layout systems.
- Deploy completed builds through GitHub and GitHub Pages and perform final responsiveness and navigation checks before publishing.
- Prepare concise outreach material for potential clients across email, WhatsApp and Instagram.

SELECTED PROJECTS

Gulf MCR - Middle Eastern Cafe Concept

Responsive Manchester cafe concept with English/Arabic branding, animated hero content, menu/location sections, scrolling interactions and mobile navigation.

Tasteology - Cafe & Brunch Website

Interactive Birmingham cafe concept with responsive navigation, dynamic dish-selection interface, branded typography, gallery structure and scroll effects.

Innovetix / WEB HQ - Engineering Team Command Center

Multi-page front-end dashboard concept with video hero, team/missions/projects navigation, HUD-style interface, counters and responsive UI behavior.

Griha Pravesh - Bilingual Invitation Website

Mobile-friendly English/Marathi invitation with language switching, animation, traditional visual styling and responsive card interaction.

Additional Builds

Portfolio website, To-Do app with LocalStorage, restaurant demo/admin concepts, cinematic portfolio concept and multiple responsive landing pages.

EDUCATION

B.Tech - Computer Science & Engineering (Artificial Intelligence & Machine Learning)

Bharat College of Engineering, University of Mumbai | Second Year | Expected Graduation: 2029

ACHIEVEMENTS & ACTIVITIES

- Best Camper - NSS 7-Day Camp
- Active participant in NSS and college activities.
- Maintains regular GitHub project activity through self-directed web development work.
